Meta[©] Monkey Story

In 1949 the United States started a decades-long project that would see dozens of monkeys shot into space. Many did not survive, some returned to a happy life on Earth.

One of them was never seen again...

This monkey floated out into space and came into contact with an interdimensional entity known simply as The Being. After a long talk about the problems of life on Earth and the universe they decided to create something to help humanity and all forms of life.

Introduction

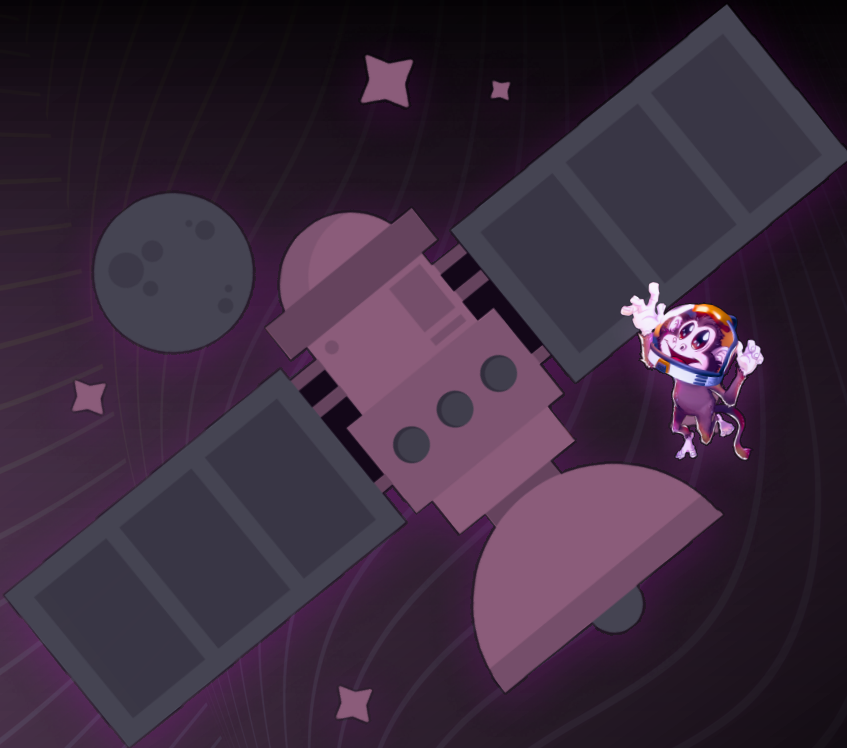

The Monkey and The Being loved games and saw the potential to bring out the best in all beings in the universe using the power of play.

And so they created the Playa Coin, a cryptocurrency designed to bring together the worlds of gaming, esports and sports throughout the Metaverse.

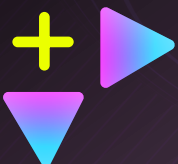

Vision

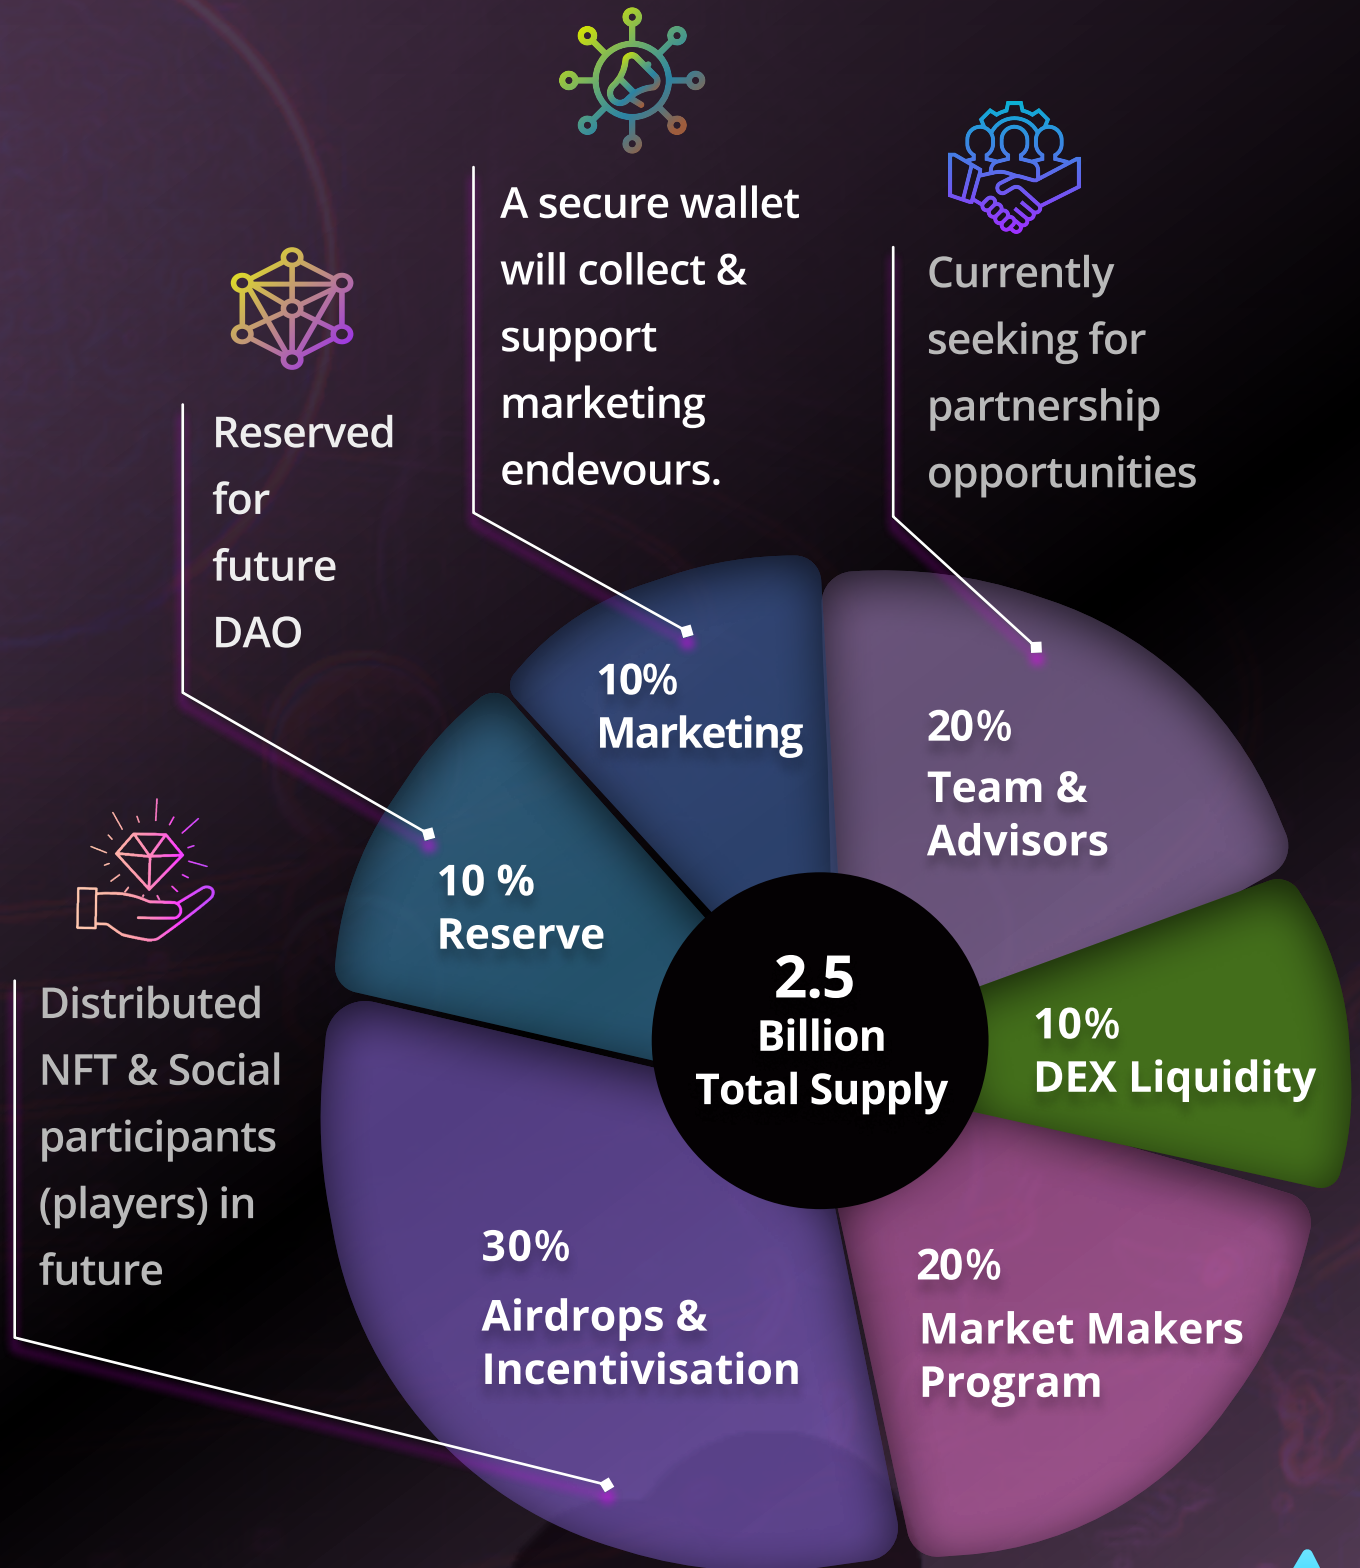

They also created the Meta Monkeys, a race of advanced Metaverse-dwelling monkeys, whose mission it is to find these Playa Coins.

Through sharing their sporting, gaming and esports accomplishments in the Playa Nation, users and their metaverse avatars, the Meta Monkeys are rewarded with Playa Coins and NFTs.

Tokenomics

Mission

We believe in a world where people bring out the best in each other and are consistently motivated to achieve greatness, inspiring others and freely rewarding each other with crypto currency. Sports Playa helps us make this world a reality.

Future

In an infinite Metaverse, Meta Monkeys have potential for infinite growth. As more Meta Monkeys join the quest to find the Playa Coins, more and more value is added to the Playa Nation.

Flourishing members will grow and inspire others, and ecosystem of rewards and exchanges will continue to enrich the lives of all members of the Playa Nation.

NFT

Playas will express their own unique stories in the multiverse, minting unique story moments by way of NFTs; a wonderous treasure in the Meta Monkey culture. They can be stored, exchanged, sold and traded in NFT marketplaces.

Meta Monkeys wear NFTs like badges of honor. A Meta Monkey highly decorated with NFTs commands great respect; it is a sign of great strength as an athlete, community member or supporter.
